## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Reunion Ridge Metropolitan District No. 1  
Adams County, Colorado

### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Reunion Ridge Metropolitan District No. 1 (the District) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2024, and the respective changes in financial position thereof, and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate to those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Required Supplementary Information**

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

## **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as identified in the table of contents is presented for the purposes of additional analysis and legal compliance and is not a required part of the basic financial statements.

Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such supplementary information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Matters**

### *Economic Dependency*

As disclosed in Note 11 of the financial statements, the District has not yet established a revenue base sufficient to pay the District's operational expenditures. Until an independent revenue base is established, the District may be dependent upon the developer for funding continued operations.

Net Change in Fund Balances - Total Governmental Funds \$ (709,755)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Therefore, this is the amount of capital outlay, depreciation and dedication of capital assets to other governments, in the current period.

Capital Outlay 6,663,638

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of government funds. Neither transaction, however, has any effect on net position.

Developer Advance (6,023,477)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

**REUNION RIDGE METROPOLITAN DISTRICT NO. 1**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

Reunion Ridge Metropolitan District No. 1 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by Order and Decree of the District Court for Adams County issued on November 14, 2019 and recorded on December 5, 2019, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised statutes). The District was organized to provide financing for the design, acquisition, installation and construction of sanitation improvements, water improvements, street improvements, traffic and safety control improvements, park and recreation improvements, transportation improvements, television relay and translation improvements, mosquito control, fire protection, emergency medical services, and operation and maintenance of the District. Under the Service Plan, the District is the Operating District related to Reunion Ridge Metropolitan District Nos. 2, 3, and 4.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

**REUNION RIDGE METROPOLITAN DISTRICT NO. 1**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Government-Wide and Fund Financial Statements (Continued)**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred, or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**REUNION RIDGE METROPOLITAN DISTRICT NO. 1**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

**Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress and are not included in the calculation of invested in capital assets, net of related debt component of the District's net position.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Upon completion of construction, arterial street construction improvements, traffic signals, and certain storm drainage improvements will be dedicated to the city of Commerce City and South Adams County Water and Sanitation District and will be shown as a reduction to capital assets.

**Equity**

**Net Position**

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

**Deficits**

The General and Capital Projects Funds reported a deficit in the fund financial statements as of December 31, 2024. The deficit will be eliminated with the receipt of funds advanced by the Developer in 2025.

**REUNION RIDGE METROPOLITAN DISTRICT NO. 1  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2024**

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2024, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 401,388
Total Cash and Investments	<u>\$ 401,388</u>

Cash and investments as of December 31, 2024, consist of the following:

Deposits with Financial Institutions	\$ 401,388
Total Cash and Investments	<u>\$ 401,388</u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2024, the District had a carrying and bank balance of \$401,388.

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

**REUNION RIDGE METROPOLITAN DISTRICT NO. 1  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2024**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**Investments (Continued)**

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

At December 31, 2024, the District had no investments.

**Developer Advances**

The District entered into the Funding, Acquisition, and Reimbursement Agreement (Operations and Maintenance) and the Infrastructure, Acquisition, and Reimbursement Agreement with the Developer (defined below) as amended wherein the District agrees to reimburse the Developer for advances made to the District (see agreements below). During 2024, total Developer advances recorded was \$6,023,477.

**Funding and Reimbursement Agreement Operations and Maintenance**

The District entered into a Funding and Reimbursement Agreement with Clayton Properties Group II (the Developer), dated November 18, 2021, as amended on January 1, 2023. Under this agreement, the Developer has agreed to advance funds to the District for certain operation and maintenance expenses up to \$75,000 per annum. The advances accrue interest at a rate of 6.5%. The Loan Termination Date has been extended to December 31, 2024. As of December 31, 2024, outstanding advances totaled \$156,517 and accrued interest on advances totaled \$14,705.

**Infrastructure, Acquisition, and Reimbursement Agreement**

The District entered into an Infrastructure, Acquisition, and Reimbursement Agreement with the Developer, dated November 18, 2021, as amended. Under this agreement, the Developer will either construct or cause to have constructed by a general contractor the improvements which the District will acquire after they have been completed, or initially fund the construction and installation of improvements by the District. The advances accrue interest at a rate equal to the Municipal Market Data (MMD) BAA 30 year index plus 5%, not to exceed 8%. As of December 31, 2024, outstanding advances totaled \$6,510,445 and accrued interest on advances totaled \$265,902.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

Per the consolidated service plan, the District, collectively with District No. 2, District No. 3 and District No. 4, shall not issue in excess of \$141,575,000 total aggregate principal amount.

**NOTE 6 NET POSITION**

The District has net position consisting of one component, unrestricted.

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had no restricted net position as of December 31, 2024.

**NOTE 6 NET POSITION (CONTINUED)**

The District has a deficit in unrestricted net position. The deficit amount is a result of the District being responsible for the repayments of developer advances utilized for public improvement reimbursements provided to other governments.

**NOTE 7 DISTRICT AGREEMENTS**

**District Coordinating Services Agreement**

The District and Reunion Ridge Metropolitan District No. 2 (District No. 2) entered into a District Coordinating Services agreement, dated November 18, 2021. The agreement provides that the District will provide administrative, operations, and maintenance services for District No. 2, and that District No. 2 will fund those expenses through the imposition of a mill levy.

The District will own, operate and maintain all Public Improvements within the boundaries of the Districts that are not otherwise dedicated or conveyed to another entity.

**Intergovernmental Agreement with the City of Commerce City**

The District along with Reunion Ridge Metropolitan District Nos. 2–4 and The City of Commerce City entered into an Intergovernmental Agreement, dated February 10, 2020. The agreement provides that the Districts will construct and dedicate public improvements in accordance with City standards, and that the City will retain oversight over operations, zoning, and land use. The Districts are authorized to operate and maintain park and recreation facilities, while other infrastructure must be transferred to the City or appropriate entities. The IGA also limits the Districts' ability to issue debt, with a collective cap of \$141,575,000, and requires certification from an external financial advisor prior to issuing privately placed debt. Additionally, the Districts must submit annual reports and five-year diligence reviews to the City, and any changes to service boundaries or consolidation efforts require prior City Council approval

**NOTE 8 RELATED PARTIES**

The Developer of the property which constitutes the District is Clayton Properties Group II, Inc. (the Developer). The members of the Board of Directors are employees, owners, or otherwise associated with the Developer, and may have conflicts of interest in dealing with the District.

The Developer advanced funds to the District pursuant to the Funding and Reimbursement Agreement O&M and Infrastructure, Acquisition and Reimbursement Agreement (see Note 5 Long-Term Obligations for additional information).

**NOTE 9 RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool) as of December 31, 2024. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers' compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations that apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 5, 2019, a majority of the District's electors authorized the District to collect and spend or retain in a reserve the full amount of all currently levied taxes and fees of the District annually, without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Since all funds received by the District are Developer Advances, an Emergency Reserve is not reflected in the District's financials. Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

**NOTE 11 ECONOMIC DEPENDENCY**

The District has not yet established a revenue base sufficient to pay operational expenditures. Until an independent revenue base is established, continuation of operations in the District will be dependent upon funding by the Developer.
